

★ CALL FOR ABSTRACTS ★

★ Deadline Extended To November 30, 2009 ★

The [Texas Association of Environmental Professionals](http://www.taep.org) has decided to extend the deadline for accepting abstracts for the Fourth Annual Environmental Challenges and Innovations Conference: Gulf Coast 2010. ECIC 10 will take place **Thursday, February 11, 2010, at the Crowne Plaza Hotel – Houston Medical Center in Houston, Texas**. This one-day event will provide a local forum for environmental professionals in industry, government agencies, and consulting/service companies, as well as university students in the greater Houston area, to share technical presentations with their peers. After the success of last year's event with over 300 registered attendees and over 40 exhibitors we anticipate that the conference will once again be well-attended by the professional environmental community that it is designed to benefit.

Abstracts for oral presentations and posters must be submitted to conference@taep.org no later than close of business on Monday, November 30, 2009. For abstract submittal details please visit www.taep.org/ECIC10/.
